

Adrian Koffka, Principal

Education

University of Southern California, Master of Architecture II, 1992

Technische Universität München, Munich, Germany, Diploma in Architecture, 1989

Adrian has worked for 20 years in architecture and urban planning. He has extensive experience in master planning, housing and institutional work and combines practicing architecture with teaching and writing. He has served on building committees and sustainability committees of non-profit institutions. At Koffka/Phakos Design, he spends much of his time on site to guide contractors in carrying through the designs' intent.

Work With Koffka/Phakos Design

Worked on 180 additions, renovations and new single family homes including the Net Zero House, Contemporary Spanish House, Contemporary Bungalow and California Contemporary Home, translating the vernacular of the region for our life and times.
